National Radio Club*

SINCE 1933

VOLUME 51 ISSUE 13

JANUARY 9, 1984

This Holiday Season certainly hasn't been all that great around here. To say the least.

Kenneth G. Brown

On December 21st, Wednesday, Ken passed away, according to a letter received here, no cause of death was given.

H. John Clements

John was instrumental in the establishment of the NRC computerized State City Log that we sold a few months ago, which was the test run, of sorts, for the upcoming NRC Domestic Log Book. He was the founder, if I've got my facts right, of the Low Band Club, "Lawfer", I think. John, 35, died of an apparent Heart Attack, on Monday, December 26th. He will, to say the least, be missed.

Larry Brookwell

Editor, and one-man show of the International DXers Club of San Diego. Larry, up in the years, died on Monday, December 26th. We do not know as of this printing, what the cause was. Our condolences go out to those in his family.

Those of you that ordered books, calendars, etc., since say the 28th of Dec., your items are in the mail and should be in your hands within a week. Thanks for your patience over the past few weeks.

1983 CONVENTION PHOTO 8" X 12" color photo of the Connecticut Convention. \$6.75 includes mailing. Orders will accepted up to JANUARY 31st. Send to: NRC PHOTO, P.O.BOX 24, CAMBRIDGE,WI 53523. This product only, will accepted here, all other orders go to the PUBLICATION CENTER. Do not combine photo order with other NRC products.

1985 ANARC CONVENTION will be sponsored by the NRC and held in Milwaukee,WI over July 28 - 22nd. More details as they develop.

## CPC TESTS (TIMES ARE E.L.T.)

Jan 15 WBBB-1588 Mount Dora, FL 32180-8200 5KW ND Test will consist of Big Band and other music w/ frequent IDs. Reports to: Ken Courtright, GM, WBBB Radio, Box 192, Mount Dora, FL 32757. PREPAID CALLS ONLY to: 984-383-1588. (NOTE: If problems occur, the test will be rescheduled same time the following week) Arranged for the NRC by: (a newcomer,hi) John R. Malicky. (Thanks John-HQ)

WGFN (\*\*) 1320 WEW NC Washington WGNH  
WJCD 1560 \*New CO Colorado City KJUN  
KISK \*\*\* Note: A bit of mystery surrounds the  
1410 call application in South Glen  
Falls, NY. Broadcasting lists the  
call as being applied for by Premier  
Broadcasting Company. In checking back in my files I find that in 1981 a Premier  
Broadcasting Company applied for 1230 kHz in South Glen Falls. At the same time  
WBZA applied to move from 1410 to 1230 also in South Glen Falls. The WBZA move  
was granted and nothing else was ever printed about the Premier application until  
Broadcasting's surprise listing of this call application. Since a call cannot  
even be applied for until the station is granted a CP, there must have been some  
sort of grant made here that Broadcasting (and my other sources) all missed.  
Second possibility: They (Premier) lost the AM application and have applied for  
an FM station. Broadcasting has been known to list FM calls as AM calls in  
massive quantities, so this is a possibility. Since I don't keep FM records here  
it could have slipped by. I telephoned WBZA and they confirmed that they are  
indeed on 1230 kHz. The person I spoke to wasn't too sure about the other station  
but "thought" they were going to use WBZA's "old frequency" which would be 1410,  
and so we have tentatively listed it above. The information operator had no  
listing for a "WGFN" or a "Premier Broadcasting Company". We'll try to clear  
this up ASAP. Now you know why my beard is turning grey.

Broadcasting Company. In checking back in my files I find that in 1981 a Premier  
Broadcasting Company applied for 1230 kHz in South Glen Falls. At the same time  
WBZA applied to move from 1410 to 1230 also in South Glen Falls. The WBZA move  
was granted and nothing else was ever printed about the Premier application until  
Broadcasting's surprise listing of this call application. Since a call cannot  
even be applied for until the station is granted a CP, there must have been some  
sort of grant made here that Broadcasting (and my other sources) all missed.

# DOMESTIC DX DIGEST

DAVE SCHMIDT  
42 CHELWINY RD.  
CASTLE HILLS  
NEW CASTLE, DE 19720

Here is the official WRC column which is almost as exciting as the features of the Garage Patch side! When sending your items in, please keep them on one side of the paper, type or neatly write, skip a line between items, etc., and all that jazz. Please convert your times to EST before sending your stuff along, that will end the problems with wrong times, etc. And away we go:

## SPOTLIGHT

630 KSLR TX SAN ANTONIO - 12/11 0856 noted using new calls, ID's as "Sun-life Radio", religious format, ex-KMAD. (PM-TX)

 in years! (KG-PA) Last time you had the radio on, am (21)  
 1290 KJIN PA LYKAN - 12/12 0558 w/quick s/on, no ID, no 158 heard.(J.)  
 1330 KJIC DS GRANVILLE - 12/1 0619 w/ID, 1st time check, pop music, (PC)  
 1340 KSTW OH CHESAPEAKE - 12/12 0259 on top w/promo, ID and mention of  
 Mutual and Harry King show. (KG-PA)  
 CKXK ON WOODSTOCK - 12/12 0316-0328 on top w/sports scores and pop  
 music. (KG-PA)  
 WCHS NJ ATLANTIC CITY - 12/12 0325-0405 o/all w/filmcast, ID and 13C  
 news on the hour. (KG-PA)  
 KNTS 12/12 0437 ID by female ancr sounded like "KNTS, Blackville"  
 but nothing like that on the freq. or even close. 5:07 (KG-PA)  
 KIPM NV MARSHFIELD - 12/12 0500 on top w/no date s/on, into weather  
 and local news. (KG-PA)  
 1360 KKOB AL MOBILES - 12/1 0719 poor u/local KBBK w/gospel music, and ID,  
 ex WPPF, ex-WLT, et al. (KG-PA)  
 1390 \*KKOB NM HOBBS - 12/1 0200 good w/o/off again, ID, mention of 5000 watts  
 daytime only, Contemporary format, address given, etc. (KG-PA)  
 1400 KPPR LA HAMMOND - 12/14 0200 ID into local news. (KG-PA)  
 1480 KAME HI CHARLOTTES - 12/18 0123 noted w/promo for church choir, into  
 "Heather Watch", all w/fair signal. (KG-PA)  
 1490 KOAL GA S. LIMA TADS - 12/12 0822 in briefly o/others w/Christmas  
 Greeting and ID. (KG-PA)  
 1510 \*WYNN AL HUNTERSVILLE - 12/18 0138 good o/SLNC on 9T w/JW music, ID at  
 end and off. (KG-PA)  
 1520 KEXM VA JAMESVILLE - 12/15 0700-0714 strong, in WKBW's null w/13C news,  
 ads, school menus and WCB's "Morning Line" sports. (KG-PA)  
 KYDI OH TOLEDO - 12/22 0148 noted w/o/sol music w/WKEX off on this  
 Thursday AM. (KG-PA)  
 1530 KREV MS AUBURN - 12/14 0645-0710 in like a local w/AP news, ancr's  
 joking around, guess they have dropped NBC/Gospel block in  
 AM, local WDJZ had a late s/on. (KG-PA) A MAI late-ni! (DS)  
 1540 \*KXBL IA WATERLOO - 12/22 0150 noted off this Thursday AM leaving  
 WPTK at fair level. (KG-PA)  
 1550 WQNU TN SODDY-DAISY - 12/12 0125-0235+ w/simulcast of Chapp-Moo 102  
 FM w/big band and nostalgic music, program promos, no test ID's  
 heard so maybe forgot to shut down at sunset! (KG-PA)  
 1570 KEMX PA DOYLESTOWN - 12/22 0600 s/on noted at this time w/regular  
 program of news and pop music, they evidently have a 5A  
 now. (KG-PA)

#### HELP DEPT. REPLIES:

Pete Nolan and Conrad Burocher report further on the story of "KNTS" as reported by Bill Prater a few issues back....it was KIST-920, Texas City, TX, KETL was nothing; more than a "slogan" for their All Beatles Format. Station had studio's in Houston but was located 50 miles SE of Houston. On 11/6, the format was dropped when the station was sold and is now Spanish (50% Tex-Mex, 50% Int'l), ID'ing as "Radio Alegria".

12/5 #9 issue....correct calls on WKI2-1380 are WKD, WIIZ are the 3X calls, KND on 1430 is KELI-Tulsa, started up a new contemporary format w/ID's as "The new 14 X", the station should be easily heard in Memphis.

12/12 #10 issue....WBIG-1300 KF should be WIKC, which it has been for four or five years!!!! WAPB-690 "The Joy of 690" is now owned by an evangelist and is likely to stay with the religious format (along with half the other AM stations in Jacksonville)....KJY-1080 is indeed on Hwy 28 and is indeed just about on top of the river mentioned in their s/o/bf, station can't be missed from the highway. This per visit in May.

My thanks to PETE and CONRAD for their replies!

 With the extreme cold here, I've been chased from my basement den due to the cold, maybe I'll be back in there by May-ni! 73's - Good DX!

## INTERNATIONAL DX DIGEST

CHUCK HUTTON  
1035 LATHAM Road  
Decatur, GA 30033  
(404) 633-1198  
BEFORE 2300 ELT

Times are GMT. For ELT subtract 5 hours. Deadlines are usually Monday.

Some white Christmases I had this year. Snowed under by a bunch of little pieces of white paper mailed by foreign DX'ers. I just might have to spend the week between Christmas and New Years typing up all this stuff. Main culprits this time: Vernon and Kazuross. Vernon has been extra cruel it seems; he has enlisted the services of Mr. Hepburn to snow me under.

- 155 USSR Khabarovsk 11/27 1615 female ancr, into mx w/male opera type singer. Good signal // 236, 245, 102 Program Two; WATH says Program One. (Vernon) (Russians trying to make WATH look bad it seems....CH)  
 164 FRANCE Arlouis 11/27 1646 noted w/female singer. (Vernon)  
 173 USSR Kelingringrad etc. 11/28 0333 male with talk // 236. (Vernon)  
 182 USSR Petropavlovsk 11/27 1559 noted with Mayak IS // 155 and 245. (Vernon)  
 236 USSR Magadan 11/27 1601 male with talk // 155. (Vernon)  
 236 USSR Arkhangelsk 11/27 probably this et 1800 w/tone then male with talk and classical mx. Good at tune-in then faded slowly to nothing. (Vernon) (Why didn't you follow it?? Us)  
 515 USA Texas Port Lavaca PKV beacon fair 0800 11/30. Galveston County Airport. (Thomas)  
 525a UNID AJG beacon here 0430 11/30. (Thomas)  
 526a UNID CYV beacon heard often but remains a mystery. (Thomas) T.X.  
 Thrush I believe....Ch  
 538 COSTA RICA Cartago TICAL caught on 750 LW which had absolutely no beacon QRH at all (11.30 was all NB w/just a SAMI Ditto for the loop). Lively LA mx, "en Rumbo" mention 0256 and legal 1D 0300 12/1. Not common here. (Kaz) That's because you are always logging some African or Brazilian...CH  
 540 NETHING noted here in spite of wonderful low band opening to N. Africa in 0200-0300 portion on 12/6, Morocco has 600 kw listed here but if 600 kw it sure doesn't get out to North America. Libya 539 was heard reasonably well before frequency switch. I could get nothing that I could positively ID as AA chanting, etc, through the half dozen domestics that QRK this freq. (Kaz)  
 558t ALGERIA Touggourt-it sounded like I had brief bits of a // here w/ 5u9 0212 12/6 during above mentioned great cx. WQAN phased end 21Z no problem. Station varied from barely audible in slot to barely detectable as a carrier. (Kaz)  
 560t GUYANA presumed the one here w/heavily accented Caribbean type BE man w/WGAN and others in WGAN phase null 0016-0021 12/9. (Kaz)  
 594 MOROCCO Oujda bombing in w/light 595 net-very good // 619 w/Ah chants and violin 0108 12/6. (Kaz)  
 600 COLOMBIA R. Libertad 12/16 0218 SS 1D's, mx, TC, announced freq, no sign of WMT. (Pss)  
 600 VENEZUELA Cumana YVQB fair on top of channel w/Rumbos nx // 670 0247 12/14. (Kaz)  
 612 MOROCCO Sebata-Aïoun good w/NGIH phased w/man and woman w/PP news mentioning "news informations" 2230 12/10. Not as common as it was a few years ago. (Kaz)  
 620 BRAZIL Mortaleza good-very good and briefly well on top 0052 w/PP soccer coverage; also noted on 810. (Kaz) This stn sure gets around, hi-CH  
 657 MOROCCO Layounne in u/strong sig but lousy modulation so only fair audio with WNBO phased 2216 12/4 // 819. (Kaz)  
 660 ST. LUCIA Esbeneau caught briefly w/Caribbean accented LE man mentioning a special request in YVNA fade w/little WNBO in suroroll cx 0157. Back bottom and taped w/WNBO news o/unus LA pest YVNA 0209 into local news 0210, GHT-4, TC 0215 12/9 w/stn fading into YVNA w/still little WNBO on the Beverage. I'd been after this for years! (Kaz)  
 665 ALGERIA Tindouf w/5 kw listed in well!! During unprecedented cx to very good peaks 0138 then PP stop till 0143 when it was generally stop till 0148 12/7 w/first SAM; again fair o/PP 0256 and also noted w/PP phased 0317. I checked a good ten times to be sure, as this was most unexpected, and this was // 871. Taped. Every other time I get a TA on 665 it is Portugal without a trace of a SAM. (Kaz)

Selena / ESTRELLA 99

P.O. BOX 13427, SANTURCE, P.R. 00903

REGINA  
COPRA

- 66 PORTUGAL Lisbon xltnt and almost as good as WAMC w/PP man 0111  
 12/7. Later faded and yielded to Algeria, but back w/local-like  
 signal with soft PP mx 0213 12/7. (Kaz)

67 ALASKA KBLG Bellingham 11/30 0703 end of "All Things Considered"  
 from NPR then ID "serving the southwest Alaska this is KBLG Bellingham  
 repeating on KIAL Unleaks and KSDP Sand Point". (Vernon)  
 Have you ever heard KIAL?? 04  
 ALASKA KBRW 2000 11/11 w/RWS weather forecast and rock mx.  
 (Hebephon)

70 MOROCCO fair w/mid-east mx 1951 12/7. (Kaz)

71 LIBYA/MOROCCO Sabha generally o/Terrays 0210-0221 12/7. Libya //  
 0221 is the usual here. My first logging for Terfayn // 017. (Kaz)  
 71.2 UNID somebody looping roughly 75-80 degrees has been putting a  
 vicious hot on 720 at times. I thought audio was SS man and women  
 0020 12/16 w/20 notched. It didn't seem to be the same as YVQD  
 /20 audio. Is Canary Islands drifting or could this be Tunisie  
 which is drifting? (Kaz)

72 USSR Yuzhno-Sakhalinsk 11/2/ 1641 xltnt sig w/RB rr mx, 1645 women  
 then male w/talk, xltnt. Program Two // 155, 23b, 245. (Vernon)

720.4 TUNISIA as reported by Connally is still high; AA chants and mx  
 briefly audible w/low 720 net notched 2054 12/6. Sig was noted on  
 721.0 2057 w/AA mx 12/11. (Kaz)

740 BRAZIL Salvador presumably the one w/PP soccer coverage to very  
 good peaks in CBA phase nul 0013-0050 12/15. QRM'd by CBMM, Mont-  
 serrat and later by YVNC as well. The only ID's I heard during were  
 heard giving when the national net are R. Nacional or Globo Nac-  
 ional. (Kaz)

747 UPPER VOLTA Ouagadougou very common here w/continued and somewhat  
 su ex to Africa. Good-very good // 0015 w/PP talk 2343 12/11. (Kaz)

750 DOMINICAN REPUBLIC/UNID hunting LA's here in deep phase null of  
 superpest YVKS had two LA's in-one w/SS ex (BB I think) and the  
 other w/SS and US pops and ID sounded like R. May-gray (obviously  
 R. Alcega) 0115 12.9 which was well atop the BB ex and WSB w/  
 YVKS phased latter at 0150 w/Santo Domingo and lively LA mx at this  
 time. (Kaz)

756 WEST GERMANY DLF Braunschweig 11/30 00UU women with news, name of  
 city mentioned before each item. Good. (Vernon)

760 GUYANA Georgetown very good-almost xltnt-0004b to 0053 when taken  
 out by usual su ex past YVQQ. Mellow songs and dedications by accented  
 EE singer up to xltnt peaks later at 0054-0104 w/Caribbean mx but  
 no ID across the hour, other than GDU mention at 0104 before lost  
 to YVQQ. First time noted at now QTH despite about 20 hours of  
 monitoring in similar ex; thanks to YVQQ. 12/9. (Kaz)

770 VENEZUELA Caracas YVAK very good w/other LA w/WABC zapped by  
 su ex; R. Nacional de Venezuela ID and freqs given 0227 12/9. (Kaz)

774 FIJI Suva 11/27 0953 Hindi mx // 091, both good signals. (Vernon)

790 BARBADOS St. George taped to very good-xltnt peaks well o/HEAN on  
 Beverage w/mx, weather, local mentions, "Radioactive, VWS 790" ID  
 by somewhat accented SS annet 0134 12/9. (Kaz)

792 AUSTRALIA LQG Brisbane 11/2/ 1039 male and female w/opera type  
 singing // 055, fair. (Vernon)

792 SPAIN Seville noted here as hot at least and very good w/enter-  
 taining flamenco guitar mx and vocal 0120 12/6. (Kaz)

810 HAITI Port-au-Prince in again in su cx // 080 w/soccer 0123 12/9,  
 fair in mix w/WGZ/HJCJ/others. (Kaz)

819 ANDORRA Fair-good peak w/Sud Radio ID by PP man, into PP Mar mx  
 0210 12/10. This has been back on for a few months. AA had the  
 channel later. (Kaz)

819 EGYPT Batr very good-xltnt for o/Morocco (which was // 65/) w/AA  
 chants 0224 12/6. Morocco is generally the stn noted here and they  
 were dominant a couple of hours earlier. (Kaz)

819 MOROCCO Noted good in passing w/AA chants, mx 1950 12/7/. (Kaz)

820 BRAZIL SEVERAL POSSIBILITIES FOR PP singing w/man and woman here  
 // 030, 060, 503, poor but audible during fade of usual SS LA  
 posts 2310-2320 11/29 in good Brazilian ex. (Kaz)

828t SPAIN Barcelona presumed w/fast SS talk, poor w/ Morocco 2123 12/4.  
 (Kaz)

834 BELIZE R. Belize 12/10 0247 04 Xmas mx, dedications, gave phone #,  
 BBC news 0300, wx, TU, dance mx, not noted on J205. (Kaz)

836 AZORES (I think) noted poor-fair w/PP talk w/c3/ notched 2115  
 12/17. (Kaz)

836 AZORES Ponta Delgada I'm 95% certain this stn is Azores; I've  
 finally been able to get audio past 03/ and other QH. 12/1, 210b  
 to 2109 sounded like PP before lost to 03/. 0312 12/6 w/clear QH  
 as strong as clearly audible Belize 03b; 037 sighted off at 0300.  
 2255 12/7 to very good peaks w/037 notched w/US rock mx by Police,  
 I had to leave due to company. I returned at 0105 (company induced

836, continued) to leave quickly. Met that dessert on the road  
 you guys! CB) 12/8 and taped a PP man then long anthem 0107-0110  
 s/off taped. 12/12 2225-2230 generally audible w/oj/ faded and  
 noted PP man and woman, women mentioned Azores and Pente delgada.  
 (Kaz)

837 CANARY ISLANDS Las Palmas in here every night occasionally to  
 xltnt peaks and once in a while strong enough to lightly stop 000.  
 ID is Radio Popular, Las Palmas. (Kaz)

837 CANARY Nancy 11/30 0525 male w/rr talk // African bongo type drums.  
 (Vernon)

840 ALASKA KSDP Sand Point 11/30 0327 male snarr then instrumental mx  
 // 070 //I think "Alaska Sows Lightly". (Vernon)

840 BRAZIL one of them in well o/s fade of St. Lucia past w/PP talk  
 2356 12/9 and 0305 12/10. Fair and taken out by St. Lucia fade  
 up. (Kaz)

845 ECUDOR Ambato is the likely source of carrier at 0307 and stronger  
 at 0331 but too much WADN stop for audio 12/7. Pakiel had audio  
 here and on 1209 earlier. (Kaz)

850 GREENLAND Upernivik strong daily, peaks around 1900, Danish and  
 native talk, various mx including some HE rock, "Kalleallit-Nunata  
 medis" TD. (Hebephon)

855 AUSTRALIA 4QB/4JJ Maryborough/Eldavold 11/27 1030 female and male  
 opera type singers // 02. (Vernon)

860 BRAZIL Rio de Janeiro very good well o/SS LA's w/Canaiones AF'd  
 out // 030, 5035, 020 w/PP man and woman with what I think was  
 some kind of language lesson or educational pgm 2313 11/24, rarely  
 heard at anytime other than after 0700. (Kaz)

870 VENEZUELA Barquisimeto YVMP good w/Radio Lora ID, freqs, etc. 0302  
 12/10, quite common at late. (Kaz)

872 UNID big hot on 073 Spain 2113 12/4. Nothing north of Iberia was  
 in- semi-surreal ex, I've noted this before but never this strong.  
 Who's here? (Kaz)

880 BRAZIL Belo Horizonte is an absolute regular in su ex. 2307 11/29  
 // 5035 w/PP mensnd woman, "Voz do Brazil" mentioned, name of pgm  
 on // stns, // 1000 2209 w/WCBS 12/7 and all // 070 w/soccer 0123  
 12/9 and other dates times at least = WCBS early eve in semi-su  
 ex with some stop from Connies-BU2. (Kaz)

882 CANARY ISLANDS Tenerife in here almost every night but generally  
 not as good as c37. At times however can be strong enough to put  
 a bit of stop on 000 in su ex. (Kaz) Noted fair in passing w/feat  
 SS talk 1949 12/7. (Kaz)

890 EL SALVADOR Santa Ana R. Musical fair plus w/WLS phased. Sheeted  
 ID 0510 12/16. (Thomas)

891 ALGERIA Algiers fair carrier but poor, intermittent audio 0630  
 12/19. (Thomas) Poor 1940 w/AA talk on 12/1/; carrier first noted  
 at 1855 12/10. Too much local QRM for audio. As is common for  
 these well before sunset receptions, this faded out completely in  
 a few minutes and didn't return till around 1935. (Kaz)

895 COLOMBIA Santa Marta in nightly but poorly and have only been able  
 to positively hear a "Radio Cordill" ID. (Thomas)

900 BARBADOS Bridgetown better than local likeli (1 dB o/WYNZ 970, 2  
 dB u/ R. Paradise) on Beverage w/somewhat steady signal w/Carib-  
 bean jazz pgm about contemporary mx in Barbados 0130 12/9. (Kaz)

914 SURINAM Nieuw Nickerie-now that 725 has been blown up this seems  
 to be the only place to hear Surinam; good on Beverage 12/6 0050  
 w/Hindi mx. (Kaz)

936 UKRAINIAN SSR Lvov 11/22 0101 female and male w/RB talk // 999  
 Program One. (Vernon)

936 USSR Unknown 11/27 noted as late as 1029 w/mayek, IS // 155. (BV)

940 VENEZUELA R. Punta Fijo 12/10 0314 SS mx, ID's, no sign of CBN.  
 (Paz)

940 ANGOLA shows up as at least a carrier around 2100 on good Afri-  
 nights (much too early for SWW) briefly fair w/same type of in-  
 strumental mx as noted before w/good ex 2226 12/1. S/off is 0100.  
 (Kaz)

945 FRANCE Toulouse 11/22 0434 noted w/French anthem. (Vernon)

945 LATVIA SSR Riga 11/21 0523 classical piano mx, 052) Mayak IS,  
 tended to fade. (Vernon) (Particularly when the sun came up outside?  
 CB)

945 SOLOMON ISLANDS Suva 11/2/ 1035 male w/talk mentioned people of  
 Solomon Islands, maybe a request, rr EE mx, poor-fair. (Vernon)

954 CZECHOSLOVAKIA Brno 0400 women noted w/East European type talk.  
 (Vernon)

954 JAPAN JKAH Tokyo 11/24 0750 EE balled then male w/deep voice,  
 balled briefly 01/3 then man and women with JF talk. Good. (BV)

960 ALASKA AMNN Kodiak 11/24 075b instrumental mx w/male snarr, 0759  
 Air Force promo, ID 0800 then Sports Page, good sig, // 070 only  
 fair. (Vernon)

963 FINLAND Turku 11/22 0450 classical piano mx then male anner, was good by 0605 w/male and female, probably Finnish talk, suspect news (of what? GJ). (Vernon)

963t INTERNATIONAL WATERS N. Caroline 11/23 0113 rr mx, but no annets noted. (Vernon)

970 US VIRGIN ISLANDS St. Thomas WSTX another mal wanted Caribbean snt noted tonight in superb ex poor-good through WNSTI looped w/ Islands mx and WSTX 1D at 0241 12/9. I had previously spent a lot of fruitless hours here too in similar ex. (Kaz)

972 UKRAINE SSR Nikolayev 11/23 0315 band mx, xint, //1020 poor, 1409 fair, all program two. (Vernon)

970 GAMBIA Qunqar strong daily // 050, closest stn to my QTH at 370 miles away, peaks around 1800. (Depburn) Some local...CH

970 GRENADA St. Georges- I've noted a Caribbean accented EN anner here a few times since the liberation but never payed much attention to it. Stn now was rather weak and mixed with LA and domestic QRM where as previously it had been at awesome strength under similar ex. Must be that Spice Islands radio I hear is being operated by US troops w/local anners. Signal sounded like 1 to 5 kw instead of previous 75 kw. Nothing noted on 535 which rarely came in well anyways. (Kaz)

1000 BRAZIL Sao Paulo good and stop w/PP talk // 080 2209 12/7. (Kaz)

1008 AUSTRALIA 410 Brisbane 11/19 1349 ID "Hit music, Radio Ten" by man then rr mx, fair for a short time. (Vernon)

1008 USSR Byelorussia Sionim/Ushachi 11/23 0321 male w/talk // 972, 1026 Program Two, poor signal, just topping Holland. (Vernon)

1008 HOLAND Rievooland 11/22 0515 rr mx, male anner then belied, good. (Vernon)

1008 UNID w/US pop hit then faded into slop 2209 12/10. (Kaz)

1010 BRZIL Fortaloga should be the stn Fair // 5035 et al w/PP man and women a few dB u/3188 2327 11/29. (Kaz)

1011 COLOMBIA Monteria N. Pancezno here from listed 1020 and nominal 1010 w/soccer game 0330 12/19. 3/off w/ID, info and abbreviated Colombian NA at 0555. Level fair-good. (Thomas)

1017 TUNISIA AJ2 Nuku slora 11/24 0731 spot for Golden Tobacco by common and Hedges then man w/native talk. (Vernon)

1026 AUSTRIA ORF Brug/Bobi etc. 11/23 0545 male w/GG talk, classical mx. (Vernon) CH

1026 AUSTRALIA EME Hockey 11/17 1101 woman with news, 1403 Gold Lotto draw, 1404 end of McQuarie nat. news, SID for 4EM, rr mx. (Vernon)

1026 USSR Byelorussia Brest etc. 11/23 0326 instrumental mx, 0329 Bayek IS. Signal strength up and down but very slowly. (Vernon)

1026 USSR Byelorussia Mogilev/Brest etc. 11/23 0429 Maysk IS then 0330 female anner. (B. Vernon)

1026 CHINA various 11/27 1752 electronic chord then man and woman anners w/potentio ID's. (Vernon)

1034t GUINEA-BISSAU now that I've read that they're here I payed more attention to the het occasionally noted on 1035 Portugal; 12/16 bits of mx and then bits of anther 0037 just before carrier cut, 12/17 audio bits 2120. Both receptions marred by slop from superb strong WBZ which I can't null enough to eliminate. 1035 QRM reduced w/noise. (Kaz) Stars awarded in'multitudo when you get an 181 CH Estonian, xint for short time. (Vernon)

1035 ESTONIAN SSR Tallinn 11/23 0215 very big TT noted, also 0230 USSR anthem, at 0332 male talking w/piano mx, exercise pgm. Xint sig, had its own 15 025. (Vernon) 11/28 male w/EM type talk, probably Estonian, xint for short time. (Vernon)

1035 IRAQ Babylon 11/23 0135-0137 AA instrumental mx w/male talking of this, 1739t AA vocals, 1759 female anner, 1800 flute type mx, no pips or chirping birds. Usual // 1197 not noted. (Vernon)

1035 NEW ZEALAND 223 Wellington 11/19 1341 interview w/England rugby captain 43 minutes before game, Goodyear oil nighter program continued. (Vernon)

1035 SOLOMON ISLES H481 Honiara 11/27 1041 male w/accented EE talk then rr mx, seemed // 915 but this and 905 never in quite together. (Vernon)

1044 MOROCCO Sebae-Aioua 11/26 0140 male w/AA weeping, noted a number of times now. (Vernon)

1044 NEW ZEALAND 428 Dunedin 11/19 1351 rr mx // 1035, 1090. (Vernon)

1053 ENGLAND 5E1 Droitwich 11/22 0556 rr mx w/many mentions of radio One, part of a/on 1 guess, xint but // 1019 poor. (B. Vernon)

1053 ROMANIA Iasi 11/23 0359 noted w/end of anther in passing. (Vernon)

1062 DENMARK Kalundborg 11/21 0359 bass and xylophone 15, 0400 male, news sounder and male w/mix news, xint for a short time. (Vernon) 11/26 0404 male w/probable news, 0405 electronic chime male anner, 11/26 0406 male w/probable news, 0405 electronic chime male anner, instrumental mx, xint. (Vernon)

1062 TURKEY Diyarbekir 11/23 020Y AA mx w/chorus // 091, SWM-1017 too strong for possible // there. (Vernon)

10/1b CZECHOSLOVAKIA/OSSS 11/21 one with big band mx and male vocals, the other w/female anner and talk, terrible het also, will separate these yet, time 0453 11/21. (Vernon)

1071 FINLAND Lille/Burst etc. Inter 11/22 0555 female w/PP singing, good signal, no QRM. (Vernon)

1080 POLAND Katowice 11/21 0430 classical piano mx, IS, 0430 male anner, then rr mx w/male anner //this, guess pgm titic, 0431 two males with talk, xint. (Vernon)

1088 ANGOLA Luanda at least a carrier has been noted most nights the past few weeks. 11/22 poor w/AFRIAL phased w/African mx, poor w/PP talk in some slop and hetted by 1039 and 1090 2205 12/12, bits of mx 2110 12/1. (Kaz)

1089 USSR Krasnodar 11/23 0217 piano mx, female talking over this, numbers given as exercise pgm, probably vocal pgm, not // Program Two. (Vernon)

1089 UNID hetting 1088 and 1090 on a good African su night 2205 12/12. I highly doubt this was BBC as nothing north of Africa was in. (Kaz)

1098 CZECHOSLOVAKIA/Prag 11/21 0507 male then female anner, up-tempo band mx, good signal. (Vernon)

1107 USSR Arkhangelsk 11/21 0406 female with talk, freq had a bad hum at 0505, this noted often, 11/22 0430 classical mx, 0449 male anner, found a // for this. (Vernon)

1115t ANGOLA Luanda man singing; 2257 then man in what sounded like 2258-2300, tape replays have what sounded like mention of Cunha Sul (province this stn is in), taped anthem 2302-2303; 12/10 in great Afro ex; 2120 12/11 mx but bad local QRM, taped across 2200 and 2300 12/12 but terrible storm QRM rendered reception almost useless; think a/off shortly after 2300 again. I'd read that this stn had been reported on 1110. What's status now? 1116 occasional QRM notched. (Kaz) Lots of luck getting this lp'ed....A catch like this can make your day!! CH

1116 MOROCCO Ourzazate poor-fair w/AA chants 2347 12/15. Decent signal but icy modulation. (Kaz)

1120.6 EL SALVADOR San Salvador 13M here 11/17 and since w/mix of SS bellads and EE rock. Uses call at ID and a slogan which is not "La Revolucion" but rather "Radio solar". Level is poor-fair with KMOX phased. (Thomas) Got a tape?? I could try it out on a few Spanish speaking types at work...CH

1124 UNID carrier presumably Libys if they are still here hetting 1125 but too much WNEW slop for radio 2106 12/3. (Kaz)

1125 USSR Leningrad 11/22 0439 male singer, 0440 male and female anners, // 043 Program Three, 0459-0500 no IS at all, fair-good sig. (BV)

1127 COSTA RICA San Jose has been here from 1124.6 w/EM pop for several weeks. (Thomas) Actually it has been here for about 5 months-CH

1134 INDIA AIR Calcutta 11/27 1705-1727 Hindi type mx w/female anner also in presumed Hindi lingo, 1/30 & normal type pips then one high then female EM "This is All India Radio, the news ready by ?? Loker", Commonwealth conference top story. Very good at 1705 then faded, grounded two Beverages and had only one connected but signal was still 84 on the Drska, 81% on Frog which is good here. This brought in good signal 1722-1735 on tape. This warrant stars? Report sent to Calcutta produced a standard QSL card. (Vernon) We'll give you stars this time but if you keep sending in these boring reports of stations that are halfway around the world we might have to remove the stars....CH

1134 JAPAN JQH Tokyo 11/27 1556 male w/JD talk, xint. (Vernon)

1134 USSR unid 11/23 0429 Mayak IS noted u/Zagreb, poor sig. (Vernon)

1134 YUGOSLAVIA Zagreb-1 Tavernik 11/23 0359 radio IS, had EM rr mx 0426. (Vernon)

1143 USSR Kaliningrad 11/21 0354 male opera type singing // 1494, 11/23 0131 male w/EE service, AM QM. (Vernon) 11/28 0330 female anner w/ news headlines. (Vernon)

1170 ALASKA North Pole KJN 0605 11/20 news and religious pgm, ID as "Your 50,000 watt gospel voice of the Arctic". (Depburn)

1197 AUSTRALIA 400 Southport 11/21 1203 weather then TG, also TU for south of the border (ASW), "four double g" SID. (Vernon) 1323 spots for a roadside diner and 400 sticker numbers from 400 and Shell service stns, male mentioned 24 hour delivery on 400, tollad follows. Good signal. (Vernon)

1197 WEST GERMANY VOA Munich 11/30 0551 female then male w/unid talk, Sievers listed, no jammer ever noted here. (Vernon)

1197 MOROCCO Agadir fair-good w/PP men 2103 12/3. (Kaz)

1205t AUSTRALIA Port Lincoln FF std noted near 0/1000 time 0203-0210  
1207. Passing helmed reduce 2130 a bit more. (Kaz)  
1208. 0111 still getting carrier here during 2130 early eve AFM ex 2133 12/13. Gave studio in QR 2/35 12/11. Who's this? (Kaz)  
1209. AUSTRALIA 2AF Brighton 11/21 0157 noted with almost 0.0% birthday of 200, started 12/15/1933, now-named "Coast 200", good signal. (Vernon)  
1210. CHINA Jinlin 11/21 0126 male w/slow repetitive type talk, lessson of some kind. (Vernon)  
1206. FRANCE Bordeaux very good w/IF sports event w/two FF men 2000 12/3 with WGMU stop phased. (Kaz) 11/30 0021 male with FF talk. (Vernon)  
1211. CUBA w/others in WCAW male w/anthem, news mx, etc. 0501 12/1. (Kaz)  
1220. BRAZIL Rio de Janeiro 2212 11/16 man and woman in FF talk // 0035 good. (Kaz) Fair-good // 0035. Mixed w/others w/PP sports event 2139 11/29 and good w/several Glabs ID's 2332 12/1. (Kaz)  
1209. WEST GERMANY DFL Nuremberg 11/22 weird classical mx, 0130 femaleanner then rr mx. Refreshing variety in this std-hi. (Vernon) I think all that cold Arctic air is starting to get to you-GH  
1207. JAPAN HBK Superior 11/21 2300 real mix of EB mx, JF commercials, many HBC ID's, one for "BG-hokkaido", local like. (Vernon) Was this mix refreshing too?? CH  
1209eeSUAJ. Semmer first noted 2137 12/10 during great exl Pour at best w/AA talk and mx occasionally audible till 2155 when came up fair w/religious chants (no mx) till 2201 carrier cut. Richard Lord reports s/off 2201. Taped! Just carrier noted 12/1 and 12/12 and nothing since. (Kaz) Interesting reception....Why this alleged superpower doesn't get out to the US I can't know. Onward to Djibouti Best of luck getting an ID on this...CH  
1314. AUSTRALIA 2AF Wollongong 11/19 1350 male with weather forecast, high of 22 °C, FF mx. (Vernon)  
1314. CHINA Tibet? 18 11/27 1200 05 IS, male and female with talk, probably Mongolian, poor signal w/2WL. (Vernon)  
1314. NORWAY Kvitnes ached seems to be 0500-0145 weekdays, 0600 Sunday s/on. (Vernon) 0736 12/2, Norse talk, strongest European heard here often. (Hepburn) 11/30 0542 classical mx, 0045 male with exercise pgm, talk o/instrumental version of "Morning Train". Seems likees lot of countries have morning exercise pgms in radio. Local like. Probably this at 2017 (1217 local) 11/23 w/classical mx. (Vernon)  
1323. CHINA Changchun etc. 11/27 female w/CG opera type singing, 1650 female with talk, fair. (Vernon)  
1323. EAST GERMANY R. Moscow Leipzig 11/23 0109 ZZ service, female with talk about a Georgian holiday. (Vernon)  
1332. JAPAN JOSF Nagoya 11/21 1550 female with JJ talk, xInt. (Vernon)  
1350. LATVIAN SSR Ruldiga/Gosvalds 11/23 0303 USSR anthem, 0301 news sounder, man and women anners // Program One. (b. Vernon)  
1359. EAST GERMANY Berlin 11/26 0401 male with GG talk, noted often this season. (Vernon) 11/23 0106 female w/CG talk, good signal from this lately. (Vernon)  
1367. SAUD African with Afro mx, women in Romance language 2132, man and women with Afro chants 2140, women taped with what sounded like accented FF 2142-2144, s/off 2300 12/11 w/ID as lv de la Havocution in what I'm almost sure is accented FF, taped. Local CHI often reduced by phasing. Angola is listed here but this is supposed to // others which stay on longer and Angola would be FF so I highly doubt this was Angola. Nothing else listed. Help!! in next night 12/12 2210 but awful QRM. Not // 707, 705, 1040 or 1554. (Kaz)  
1377. PHILIPS Lille 11/30 0520 noted w/AA mx // 1401. (Vernon)  
1377. USSR Latsk 11/21 0501 piano and harp mx // 1104, both fair signs. (Vernon)  
1386t. AUSTRALIA 2EA Sydney 11/21 1046 male with unid lingo, male singer in Euro lingo, noted again 105k with two males in maybe II, have this on tape but not found it again yet. If this is 2EA then it completes Sydney on MW. Poor signal. (Vernon) You mean you don't even have Sydney completed on MW yet?? bwt .... CH  
1386. GUINEA Labé poor // good 1404 2157 12/12. (Kaz)  
1386. USSR Kaliningrad nothing noted from this here, is it still on the air? (Vernon) You ought to know if anybody does, you are the official JRC Russian monitor. CH  
1395. ALBANIA Durres 11/22 0559 trumpet IS noted in passing. (Vernon) 0220 10/13 world news in EE. (Hepburn)  
1404. UKRAINIAN SSR Lvov etc. 11/23 0334 rapid Yessack style mx, fair signal, // 1317 good. (Vernon)  
1404t. WESTERN CAMBIA 2AF Apia 11/27 Hawaii sounding mx, 0950 male with FF talk, but not quite topping the static. Has this moved yet? (Manook of the North)  
1404. URUG very strong carrier is here mighty and loomed about 125°

(1404, continued) so is not Gonokry. Poor, noise-ridden signal seems to be 35 but not 4rc. A sudden carrier cut occurred at 0230 on 12/15 but has been noted on past 0500 since. Idens? (Thomas) Yes-LM  
1410. until 1145 w/mx briefly o/AFOR in brief sign-end tx opening 2300 11/29. (Kaz)  
1413. AUSTRALIA 2AF Newcastle 11/27 1045 quarter to 13 01 and 1900 jackpot number 2-3-8-9-0-1-A, under didn't say but I presume a dollar bill number, a bit big for a licence number. (Vernon)  
1413. URUG EBC Maldonado Island 11/23 2019 probably this w/EI service, two mates w/talk, fair sig at 1219 LT, amazing. (Vernon)  
1422. WEST GERMANY Saarbrueck 11/26 0327 female singer // and-101/ and 1593, all good. (Vernon)  
1423. ALFRHKA 001 Welleskiw 11/21 0630 male with SS talk and mx, had me fooled for a while. (Vernon) Three years?? CH  
1424. UKRAINE Dnipro Kremenchuk mentions 1,300,000 watts in taped s/MT et 0430 nightly. (Vernon) 20h1 10/16 14 TLO mx and weather for UK, news from London, 12's to "The Great 206", 20s metres that is. (Hepburn)  
1448. CAMBODIA Phnom Penh poor-fair with FF man and woman definitely // 0600 2200-2230 12/11 on the best African night ever noted overall. Bafoussam was heard once while switching back and forth from 1440 to 1450 to ascertain //. Slight WAD 1450 step phased. What a surprise!! The biggest disappointment was that I thought I was taping but later discovered I'd unplugged the 1# key/syng thing when I moved it. (Kaz) (iggy@Ug1.ca  
1449. USSR unid 11/22 0529 my loss! w/Wayak 13, must be in far north somewhere. (Vernon)  
1449. USSR unid 11/27 1029 Mayak 13, this noted usually w/Svalbard-1Lb5. (Vernon) Maybe they are sharing antenna now....CH  
1450t. VENEZUELA Puerto de Altagracia YVQZ may be the std here // 1110 YVQT with SS sports event; WKRQ phased, mixed w/others tonatics 2359-0001 17/30 in mx, R. Vision YV's are often heard in // with sports at this time period. YVQT and several other non-vision YV's pick up the net. (Kaz)  
1450. ALLEGRA R. Tiresa 2037 10/16 political talk in SG. (Hepburn)  
1457. ULDAVIAN SSR Kishinev 11/23 0337 sing-a-long type mx, good signal, // 1446 poor. (Vernon)  
1458. AUSTRIA Vienna 05M 2050 10/16 04 talk, Salzburg mentioned. (Hepburn)  
1476. AUSTRALIA 2AF Wien/Bisamberg 11/23 02h1 55 FF mx, 0252 "Twist Again", xInt sig. (Vernon) 11/23 2010 male with 04 talk, this at 1210 local time. (Vernon)  
1476. KOLDAVIAN SSR Temirt/Beltsy 11/23 0337 male and female sing-a-long type song, poor w/EE service. (Vernon)  
1494. USSR Leningrad 11/22 01h7 male w/EE service, xInt. (Vernon) 11/26 0200 bells, 1b, man with EE news, best Soviet w/EE service here. (Vernon)  
1503. POLAND Szczecinski 11/30 (first person to figure out an acceptable abbreviation for that mess wins a year's subscription to "Skiing in Barbados" CH) 0539 male and female w/Espresso (listed) talk, sounded very Latin type lingo to me. (Vernon)  
1503t. SENEGAL should be the one with accented FF talk in some CHs and step 222p 12/11. Noted by 1502 earlier at 2205. (Kaz)  
1512. AUSTRALIA RNA Newsmatic 11/27 0941 male opera type singing. (Vernon)  
1521. CHINA Urumqi 11/27 1653 CG type instrumental mx, 1655 same 13 as Mongolian-1311 service, then nothing, 1659 Mayak 13, QRM amid silences, 1700 pips, FG 15 noted strange 18 at 1755 again, carrier noted on to 1c00 then FG 18 again with Mayak 13 QRM. (Vernon)  
1521. CZECHOSLOVAKIA 1A poor-fair w/women talking in Slavic lang w/WKRW phased and notched 2320-2335 11/30. Five pips (----) on the half hour. (Kaz) 11/22 0100 6 pips, 18 then male with news. 11/23 0335 female with talk then instrumental FF mx, local-like signal w/EE QRM with femaleanner. (Vernon)  
1521. SAUDI ARABIA Duba nice AA mx w/WKRW phased, then notched 2234 12/3, fair-good. (Kaz)  
1521. USSR/CZECHOSLOVAKIA Kosice 11/26 0329 with Mayak 13 under the Czechoslovakian then lost to 6 pips 0330 and double 18 or Czech news sounder. (Vernon)  
1530. AUSTRALIA 2WM Korea 11/27 0940 male with ID then spot for Norman Ross TV, good though brief. (Vernon)  
1530. UKRAINIAN SSR Jitomir? 11/26 maleanner than 0054 mayak 13, very poor signal. (Vernon)  
1530. VATICAN CITY in briefly well w/weak WCKY w/cl mx and women in unid Euro lang. NOTR step a problem 23h0 and 23h7 11/30. Flutter fades. (Kaz)

# DXCHANGE

RUSS EDMUNDS  
753 VALLEY ROAD  
BLUE BELL, PA 19422

- (16) 1539 WEST GERMANY DLF Mainflingen 11/26 0330 male with news, xint sig w/slight noise. (Vernon) 20.3 10/16 33 minne w/c/E rock mix, 10 sec "Deutschlandfunk". (hepburn)
- 1540 AUSTRALIA 4QD Emrald 11/27 0715 male with weather past / then "Letter from America" with Alistair Cook, talk about America's "thanksgiving". (Vernon) 11/19 15h2-1559 All Blacks versus England rugby, England beat them for first time in 47 years, // BBC 3B then 1559 male with talk about game and Australia-vrance score, 1601 male with s/off for Radio Three, anthem, fair-good signal. (Vernon)
- 1548 UNID African here during super ex which had weekly powered African's all over the high end Afro mix and chanting 2150 12/11. Nothing listed. Anyone know who's here from Africa?? (Kaz) Yes-Ch
- 1554 GABON Libreville almost xint 220/ 12/11 w/nice African rhythms netted by 1555. Fair w/r' man and women w/MQAR phased 2149 12/10. (Kaz)
- 1564.7 UNID super strong carrier here 2610 On 11/11, looped SH but no audio. (Thomas) Also noted here almost nightly this season, sometimes very strong but usually no audio! Please figure this thing out Gerry...C"
- 1566 AZORES Santa Maria xint w/PP man, greet ex 220/ 12/11. (Kaz)
- 1570 MEXICO XLRP 12/10 03h3 EH religious mix. (PAs)
- 1575 UNID African quite possibly Gabon w/PP has been noted several times. Poor in slot 2200-2230 period 12/11. Possibly two signals, one maybe Spain. (Kaz) The FF might also be Central African Republic which is also here-GH
- 1586 ANGOLA I presume this station logged by Dunn in NJ and still listed on old channel was responsible for weak carrier 2156 12/11. I've often checked for this one. Clearly too weak for audio. (Kaz)
- 1622.7 UNID and I think domestic pirate here 01h2-0241 12/15 w/mid-east or Greek mix, not AA on 1622.7 and same thing on 1632.1 2256 12/15. Looped 165-345 \* 10° on all loops, however I don't really trust them for bearings this high in freq for what may be short skip. (Kaz) And as I understand it the situation is even worse for multi-hop stuff where bearings can vary short term over a ± 450 range-GH
- 1685 COLOMBIA Mercedes "MER" beacon noted 0335 11/30. (Thomas)
- Holiday heralds of happy hearing of hard HF DX....

Bill Hepburn-Eureka, NWT JVC PC-11  
 Geil Kazross-Ogunquit, ME H/O, NEC loop, SW1, 1250° 150° Bev, phasers  
 Sharon Pas...-Manitowoc, WI RX100, 10 meter LW  
 Gerry Thomas-Pensacola, FLA modified MHG, superloop  
 Brian Vernon-Elles, Yukon Terror PAG/OUO, R/T, 6 Beverages  
 (I got it right this time Brian....)

My apologies to Sharon. The top part of your letter with your address etc and radio/antenna info got separated from the bottom part where you put your name. Actually, we just try to give first-timers a hard time and this is what you get, hi.

Bill Hepburn just might be the northernmost DX'er the world has seen. He says he's a weather tech stationed at approximately 80° North and 68° West which would seem to put Bill on Ellesmere Island. My eyes tell me he should be only 300 or 400 miles from the pole if this little old globe in front of me can be trusted. No wonder he wants to do some DX'ing....

Vernon says d20 KGBF Fairbanks is now announcing 50,000 watts. 1314 Norway has heard 0146 with "Radio Norway International" 10 then talk mentioning California and America, all Norwegian, 0145 off and carrier cut at 0146.

And more on the fate of Greenland-142, from Geir Stokkeland in Norway who has the wonderful privilege of spending winters in the Norwegian arctic. Geir says (summarized) that there is currently no trace whatsoever of Thule on MW and that he feels it went off the air on MW about November 1982. Previous to going off they were actually ID'ing only as 102.1 FM, a clear indication that they were indeed going to close down the AM as announced and operate FM only. Geir also passes on a note for Brian Vernon that NH-1405 is sometimes satellite fed, accounting for the observed time difference between 1405 and other freqs. Thanks, Geir.

That's all-I'm more than tired of typing. Think I'll go out and try some water skiing then maybe some softball....

Greetings again, people. My apologies for the inordinate delay in this column. My typewriter gave out again as I was preparing to do this column, and it has been about two months and two trips to the repair shop getting things back to the proper state. I think (hope) we have it fixed now, and that it will stay that way for some time to come. Anyway, onward!

## FOR SALE - RECEIVERS

HAMMARLUND HQ-180. Very good ex, no mods, complete, 1st model of this famous series \$200 + UPS or will consider even trade for Kenwood R-1000, R-600, or Yaesu FRG-7. Need to move, no room for it! (Steve Kennedy, P.O. Box 231, Immokalee, FL 33934; 813-657-4874)

YAESU FRG-7 rx w/ matching extension speaker and dust cover. In original carton with manual and all accessories. Like new ex - little use due to lack of room for outside antenna. \$225 + UPS. (Robert Pennison, 2 McDonald Drive, Cohoes, NY 12047 518-235-6163 after 6pm or weekends)

DRAKE R7 with matching spkr and manual, MINT ex. Has optional Drake NB7A noise filter plus Drake 6.0, 4.0, 2.3, 1.8, and 0.5 filters installed. \$995. shipping included. (Jeff Kudot, W3QHH, Box 20, Hazomb, IL 61255; 309-833-1809, eves.)

HAMMARLUND SP-600 JY-14 general coverage receiver. Tunes 540 KHz to 54 MHz in 6 bands. A real oldie with many more years left in it. In excellent physical and operating conditions, with photocopied manual. \$225 plus shipping. (Dick Truxx, 3003 Gleeson Lane, Jeffersontown, KY 40299; 502-491-2871 evenings or weekends only)

## FOR SALE - ANTENNAS

JURGENS-HARTENS REGENERATIVE LOOP. Complete with original packing material and instructions. \$75. I will ship. Call or write. (Joe Coleman, 757 Walton Pl., Lansdowne, PA 19050; 215-626-3376)

## FOR SALE - MISCELLANEOUS

Variety of domestic MW airchecks, produced by the "Aircheck Factory". Many different stations and markets profiled. \$1.00 + .35 postage for each 60 or 90 minute cassette. SASE for list. (Jim Tedford, 833 W. Bluff St., Marquette, MI 49855)

DX NEWS back issues. Vols. 47-50: 25¢ per issue or \$6.50 per volume not including shipping. (tedford)

ROYCE 40-cm. SSB mobile CB Model 639 in ex. ex. physically, and in working order but may need minor repair for SWR problem. In original carton with manual and schematic. \$75. (Gene Nix, 428 Prairieview Drive, RA, Gillette, NY 82716; 307-682-2623)

DX NEWS, 3/1/82 - 1/31/83 complete plus a few Winter '81-'82 issues. \$5.00 book rate or \$6.00 first class. (Nix)

THE COMPLETE HANDBOOK OF RADIO RECEIVERS by Joseph Carr (Tab 1182) and RADIO COMMUNICATIONS RECEIVERS by Cornell Breton (Tab 1393). Both are primarily technical in nature and are not reviews of individual receivers. Both for \$10 book rate or \$11 first class. (Nix)

\*\*\* On Kennedy's items above, he can also supply extra tubes for both and an 8" speaker for use with either if desired.... -ed. \*\*\*

**FOR SALE - PARTS**

R-390A PARTS. All are complete and operational unless noted otherwise. UPS shipping additional. All subchassis have been checked in full operation - they are complete except for tubes, which are common types and readily available new or used:

- 1- Crystal oscillator subchassis, w/all xtals. \$50
- 1- Power Supply subchassis. \$60
- 1- RF subchassis, complete with all gearing, racks, slugs & digital counter. \$90
- 2- AF subchassis. \$60 each.
- 1- IF subchassis LESS BFO PTO and 8 & 16 KHZ. mechanical filters only. All transformers still intact, still has 2 & 4 KHz. mechanical filters. \$90
- 1- Antenna relay assembly. \$15
- 2- Front panel grab handles. \$5 each.
- 1- Front dial face with window. \$5
- 1- Crystal oven HR-202 w/ 200 KHz and 17000 KHz xtals installed. \$25
- 1- Oldham coupler assembly, all 3 pieces. \$20 for set.
- 1- Dial lock mechanism. \$5
- 1- Zero adjust mechanism. \$5
- 1- Carrier level meter. \$10

Also have miscellaneous parts such as BFO switches, rear chassis oven switch, almost all front panel switches and rheostats, main wiring harness minus a few connectors but largely intact, spare 15.5 and 16 MHz xtals and many other pieces of hardware including clamps, shaft extenders, etc. Hard to find unless you dismantle one as I have done. No knobs or front panels left!!!

I would prefer to sell the subchassis complete, but would part out IF subchassis for NF's, transformers, couplers if necessary. All prices negotiable, on part of all of package (Truax) (whew!-ed)

**OLDER TUBES**, example: 24A, 27, 45, 80; **NEWER TUBES** examples: 6AV6, 6BA6, 12AU7A, 12AX7A, etc. also 3 gang 427 pF tuning capacitors (can easily be made into 365pF) also AM IF transformers (3/4" sq. by 2" high for tube or FET circuits) FM 10.7 MHz IF Transformers also for tube or FET type circuits. Also have NIXIE Tubes. (Jay Smilkstein, 105 Manchester Drive, Mt. Kisco, NY 10549; 914-666-6811)

**WANTED - MISCELLANEOUS**

Airchecks: pre-1970 of WLEE- 1480 Richmond. (Ed Best, 2004 University Dr., Durham, NC 27707 919-489-2164)

Manual, schematic other pertinent info on Atwater - Kent Model 20 rx.. Also name for Kato Engineering "A" eliminator (32 vdc) - needed to recondition and make operational. Will pay postage and repro costs if desired. (John Sampson, 5210 Girard Avenue South, Minneapolis, MN 55419)

OK. That's everything on hand as of 12/26/83, and I realize that some of it is 6 months old, for which I again apologize. Unfortunately moving followed by the typer breakdown combined to make a mess of things. To those who may be waiting for something from me, remind me --- I may have lost the request in the chaos here. 1983-1984 NRC HAM OPS LIST is coming shortly!!!

# STEREO AM?

It's finally a reality for U.S. broadcasting. Or is it?

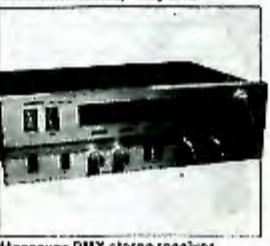

It's finally here—stereo AM, and the promise of high-fidelity sound from your favorite AM stations. How will this promise be fulfilled? Stereo AM became a reality in late 1982 with a handful of stations across the country. At last count, 35 were on the air in stereo and 50 more are expected by the time you read this.

But what good is stereo AM? Can your present system pick it up? Sorry to say, it can't. Are stereo AM receivers or tuners available in the stores? Not yet. Can you buy one anywhere? Yes, but you might want to wait.

All stereo AM is not created equal—and you have to match your tuner to the broadcasting station. In stereo AM (as in FM), left and right audio channels are combined into a composite mono signal. Inside the tuner, a decoder separates and recombines the two signals to recreate the stereo effect. Four different techniques for stereo encoding are now in use: phasing, single-sideband, mixed AM plus phasing and two kinds of quadrature detection. Unlike FM stereo, no one can agree on which system is best. Each radio station is free to choose the one it likes.

Radio engineers have been playing with stereo AM since 1923, with renewed interest in the 1970s. Leonard Kahn's system was used on a high-powered station broadcasting to the Los Angeles area from Tijuana, Mexico.

By late 1979, Kahn and four other companies had submitted proposals to the Federal Communications Commission (FCC) for stereo AM systems. Bela, Magnavox, Matsushita and Harris each begged for exclusive approval of their system. At stake were patent royalties from radio manufacturers and revenue from selling the encoders to hundreds of radio stations. The FCC initially chose the Magnavox system, but the announcement only aggravated the war between competing companies. Each firm insisted on their system's superiority, and they fought back. Appeals and threats of legal action against the government could have tied up stereo AM (in the courts) for years. In a surprise move that pleased those in favor of less government tinkering but enraged those who feel federal agencies should make rules out of such chaos, the FCC changed their rules, and approved all five systems. "Let the consumers decide," they said.

Magnavox PMX stereo receiver (AM-FM)

Kahn Consumer Products' STEREO-STEREO is the only stereo AM tuner you can buy today. Selling for about \$180, it works like a tuner, but it only decodes stereo from stations broadcasting on the Kahn system. Kahn was the first to get his equipment on the air—15 stations early this year. KHJ Los Angeles, WLS Chicago, and WABC New York were among the first to go stereo.

But why not build receivers capable of decoding all four types of AM stereo? Indeed, this was on the minds of radio engineers from the beginning; but they dismissed it as being too costly for the consumer. If your area had only one AM stereo station, would you want to pay for unnecessary circuitry in your receiver?

Along came the Japanese. Early this year, Sansui announced plans to sell several tuners and car radios with built-in multi-mode sensing and decoding. All you do is tune in the station. Then, the electronics go to work deciding what kind of stereo it is and enabling the correct decoder to kick in. Sansui's top-of-the-line FM/AM stereo tuner is expected to sell for \$410, and it's promised to be available around Christmas.

Pioneer computer-controlled stereo receiver with digital tuning (AM-FM)

While most AM transmitters can easily handle high frequencies to 12,000 Hz, the phone lines were usually limited to 5,000 Hz. And traditionally, the typical AM radio limited the highs to a mere 3,000 Hz. Low-grade phone circuits mean reduced expenses for broadcasters, and the receiver limits were necessary for good selectivity—tuning in only one station while rejecting adjacent stations.

Stereo AM sets require new technology circuits that allow frequency response all the way to 12,000 Hz. Sony receivers will have a switch for listeners to select either normal or wide-band tuning, which should improve even mono music stations.

It was assumed by the broadcasting industry that one stereo system would emerge above the other three, and that stations would jump on that bandwagon. But with the advent of multi-mode receivers, it could be years before a clear-cut victory is won by a particular system. And by then, it may not even matter. While each company claims obvious superiority in terms of distortion, signal coverage or mono compatibility, to the stereo listener it all sounds pretty much the same. And depending on how long you wait before buying stereo AM, the marketplace may succeed in taking the decision back from the consumer, after all.

From "TV/Radio Sports" by Michael Davis in *Chicago Sun-Times*, December 16, 1983:  
"WBBM (780) has secured exclusive Chicago Radio rights to the 1984 Winter and Summer Olympics, via ABC's Directional Network. The plan is to air 17 hourly reports (at 40 past the hour) and to break in with live play-by-play coverage." So don't be surprised if other non-ABC stations carry this coverage.

The above flagship and network lists were provided by Paul Janto and Paul Mount.

## BIG BANDS SWING AGAIN

### New Braunfels radio station wins fans

By BRUCE DAVIDSON  
STAFF WRITER

**N**EW BRAUNFELS — Radio station KGNB has won a loyal following playing the Big Band music most stations abandoned years ago.

The 32-year-old AM station's Big Band format evolved from a middle-of-the-road approach over a decade after 104 New Braunfels audience responded positively to a New Year's Eve dance party featuring Big Band sounds in 1980.

The success of the New Year's Eve dance party led to a Saturday afternoon Big Band show that also was well-received.

About five years ago the station, 1420 on the AM dial, completely converted to the sound of the '40s and '50s using Station Manager Herb Stoog's personal record collection.

"There isn't much competition for the Big Band sound," Stoog said.

The station's success with a unique format reflects the character of the city, he said.

An older-than-average group of people makes up the New Braunfels listening audience of the swing-to-swing station, Stoog said. They like its slow rhythm compared to the frantic pace of contemporary music stations.

As one of only two radio stations providing local news to New Braunfels listeners — along with its country-and-western sister station KNBT-FM — KGNB can compete with other stations appealing to more mass audiences, the station manager said.

"We're not going to live and die by the next ratings book. Our only concern is do our advertisers get results," Stoog said.

KGNB also has many fans from outside Comal County. "We got a lot of calls and mail from Bexar County," Stoog said.

The station's 1,000-watt transmitter is powerful enough to send the sounds of Glen Miller and his peers to all of San Antonio and even to the southern edge of Austin.

Stoog said the station will be

## WGMF

RADIO 1500 AM

THE VOICE OF SCHUYLER COUNTY

WGMF — Schuyler County's Radio Station in the lakeside town of Watkins Glen, located at the south end of 48 mile long Seneca Lake is found a small but high quality A.M. radio station WGMF-Radio 1500 AM is the locally owned radio voice of this town, renowned for its mile long, rocky glen, festooned with plunging, splashing waterfalls, and its stock fabled Finger Lakes, formed by glacial action, is a cold, 688 foot deep estuary, nestled between two high ridges.

WGMF originally signed on the air in 1968, from studios in the Jefferson House, a long gone hotel, which succumbed to a parking lot and motel. Today, the station is housed in a storefront, in the lodge of the Chequaga tribe of the Fraternal Order of Red Men, at 421 North Franklin Street, Watkins Glen's Main Street. Pedestrians may look in and watch the board operator on the air.

The call WGMF stands for Watkins Glen Montour Falls. Montour Falls is a quiet adjacent community of 2,700 people, known for Chequaga Falls, a 178 foot cascade at the head of its main street.

From its 1968 air date, WGMF has formatted a combination of T-40, middle of the road, and variety programming with a very heavy emphasis on local news, spots, and community calendar items. While the writer's family was driving into Watkins Glen this summer, while on vacation, the play by play of an Elks Lodge baseball game was being broadcast.

The present WGMF format is a consultant-produced blend of clustered easy listening music and soft rock, with minimum input by the announcer. National and world news are provided by the American Contemporary Network.

The broadcast facility consists of offices, the AM Control Room, a production studio, and a record library. The announcer operates a Gates board, and has at his disposal two turntables, three cart machines, and reel-to-reel tape recorders. Outside the control room, which is located in a pseudo log cabin is shaped for the sales and traffic people.

WGMF transmits a 250-watt non-directional signal from a 298 foot tower, high on the side of a hill in back of the Schuyler County Hospital, hundreds of feet above Montour Falls, 2 miles from the studio.

WGZ-105 FM, WGMF's sister station, licensed to Elmira, shares the facility. This station offers a live assisted album rock format "Where rock has come of age", and transmits from a tower on a hill near Elmira, 28 miles from Watkins Glen.

WGMF is indeed Schuyler County's radio station, serving not only Watkins Glen and Montour Falls, but it also provides information and entertainment to the residents of the tiny farming hamlets of Millport, Moreland, Burdette, and Reading Center. It's easy listening music is indeed a pleasing contrast to the rock and Top-40 formats offered by other stations in the area.

The writer would like to thank WGMF's Program Director and morning man, Rich Hughey for his assistance in preparing this WGMF station profile.

## Fire Destroys WNAX Studios

A mysterious fire destroyed the studios of WNAX/Yankton, SD last Friday (12-9). Two employees who were in the building at the time of the fire (12:05am) managed to escape and alert the fire department, but the flames, which reached 65 feet at one point, consumed the station's entire record library and all its equipment. Music Director Paul Shay, who watched the fire from his home across the street, described the damage as "utter devastation."

The Country-formatted station was able to return to the air in just five hours at its transmitter site in nearby Mission Hills, using a couple of extra transmitters and a spare board. New equipment has been borrowed and purchased, and the station plans to move back to Yankton this weekend in new studios at a home owned by former GM Bill Fowler, now a VP of parent company Park Communications' radio division.

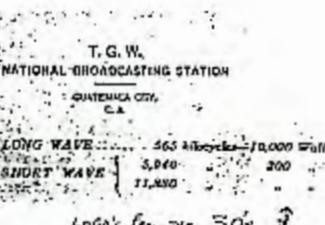

Shay told HAI the cause of the fire was as yet undetermined, and expressed surprise and pleasure about the speed of the station's recovery. He added, however, that owing to the destruction of the record library, WNAX badly needs country music service, particularly Christmas material.

### AM Subcarriers Set For New Uses

Currently, AM subcarriers may only be used for utility load management. But the FCC has proposed opening them up to new services, such as highway information displays or synchronization of traffic lights or irrigation devices. FCC Chairman Mark Fowler calls the proposal "a small break for AM broadcasters."

Specifically, the Commission is seeking comments on allowing secondary use of the AM carrier for non-broadcast purposes, allowing transmission of signals not audible on regular radio, and not setting technical standards for AM subcarriers on grounds that broadcasters have ample incentive to avoid interference to their primary signals.

Stations could only run subcarrier services during their authorized operating hours. And broadcast-related ventures, such as subscription services, would have to be under the licensee's control, although not subject to the same rules as true broadcast services.

## PERSONALITIES

### RUDY VALLEE

Like many other radio stars before him, Rudy Vallee recently went westward for a talking picture assignment. To radio listeners, his change of locale made no difference, inasmuch as his network programs were still available each Thursday night at his customary hour. Rudy retained the variety type of program that he was so successful with in New York, and, while in Hollywood, recruited guest artists from the movie colony. Rudy's appearance will be in the film "Scandals," and many of the crooner's ardent fans hope that he'll score better than he did in "The Vagabond Lover" film of several seasons ago.

### OLSEN & JOHNSON

The comedy team of Ole Olsen and Chic Johnson, which somehow failed to click in a recent NBC series, is now scoring favorably on the CBS Swift Review, presented Fridays. Their nonsensical microphone antics have won them choice ratings amongst the premier funny men of the air. Like the majority of radio comics, they were recruited from the theater. The series originates from Chicago CBS Studios. Harry Sosnik, formerly an arranger for many of the air's best-known dance orchestras, conducts the ensemble supplying the musical background for the Olsen and Johnson humor.

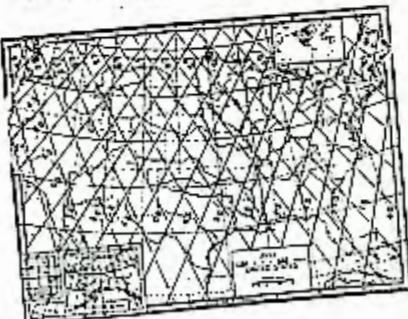

### TEO WEEWS

Ted Weems's Orchestra has succeeded the Vincent Lopez unit as the stellar attraction of the NBC Sunday night Real Silk Program. Guest stars of various types are included on each broadcast. The Weems unit is one of the best known dance orchestras in radio. Ted took up music as a profession in 1923, when he tired of engineering studies at the University of Pennsylvania.

22 ERIE'S SKYLINE TO LOSE TOWERING RADIO TRANSMITTER

Like sailors navigating their ships by celestial bodies, motorists routinely guide their vehicles east on 12th street by a landmark jutting high into the Erie skyline.

After nearly 50 years, the longtime landmark will soon disappear from the horizon.

WEYZ-AM's 175-foot radio transmitter tower atop the Commerce Building at 12th and State will be dismantled piece by piece and transported to a new site at E. 12th and Downing.

The removal of tower from atop the vacant building will mark the end of the last physical piece of evidence of WLEU, Erie's first permanent radio station. Several other stations preceded WLEU, but it made its mark in Erie radio history as the first continuously-operated station in town, said Bill Shannon, WEYZ vice president of operations.

While the station's history is notable, Shannon said that from a radio executive's perspective the tower has been a sore subject for years.

"Back then, they thought height was very important for AM radio reception," he said. Tower height, he added is not as important as a system of copper ground wires the same length as the tower that are placed underground to provide a strong radio signal.

Hence, downtown radio listeners even today can often hear the station signal coming through their office radiators and telephones.

That was not commonly known on April 26, 1935, when WLEU erected its tower on top of the Commerce Building. Leo J. Omelian, former Erie Fireman turned radio station owner, proclaimed the startup of this station as "My dream of two years come true."

WLEU was heralded by Omelian as the "New Deal Radio Station - by and for the people of Erie." Much fanfare accompanied its first show, a three-hour nighttime extravaganza featuring an array of singers, entertainers, comedians, and instrumentalists. The program was broadcast live from WLEU's studio offices on the second floor of the Commerce Building.

Much has changed since WLEU began transmitting at 250 watts. When WEYZ's predecessor, WMBO, took over the operations of WLEU in the late 1960s, Shannon said a lease agreement on the transmitter tower prevented the management from moving it to another location.

The tower will be moved to E. 12th and Downing, but it won't be as visible.

For the past two weeks, Jim Boardman, a West Virginia tower specialist, has patiently been waiting for Erie's weather to cooperate before he makes the lonely ascent up the tower to dismantle it.

"When he thinks the weather is right, he'll go up," Shannon said.

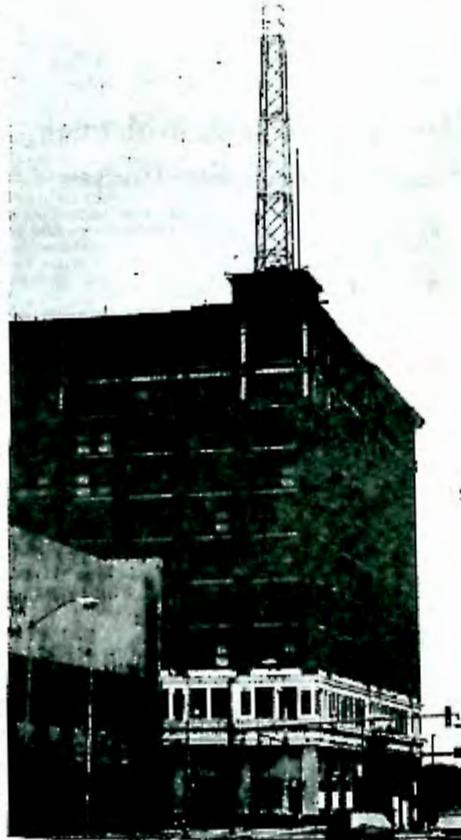

WEYZ, which broadcasts at a frequency of 1450 kilohertz, won't interrupt its service during the move. The station, with studios at 1946 W. 26th, will operate at its normal night power of 250 watts, on a temporary antenna at the old site instead of 1,000 watts daytime power, Shannon said. The radio signal will be transmitted from studio offices to the antenna through a telephone connection.

The move is expected to take about two weeks if weather permits.

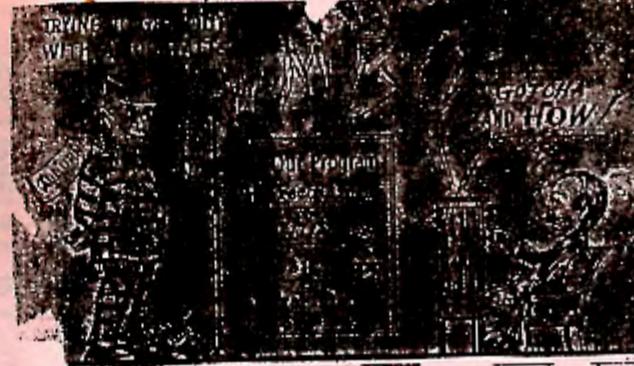

When the transmitter is permanently in place, the station will have much stronger signal power south to Edinboro and west to Fairview because of the installation of the underground wire system, Shannon said.

Cost for construction of the transmitter building and removal of the tower is estimated at \$58,000, Shannon said.

Meanwhile, the tower still stands erect against the downtown winter skyline.

This one is my favorite but unfortunately is discolored by age
